

NZ Leyland P76 Owners Club Inc

The Idea for a Club originated in Hamilton with meetings in Tauranga and Hamilton drawing enough interested people to form The Club in 1983. Membership rapidly spread to other areas. Its founder members saw the need to swap technical information, secure parts supply lines as far as possible, and generally enjoy association with other Leyland P76 Owners including contacts with the Australian Clubs.

LOCAL BRANCHES – Branches are now three areas – Northern, Central and Southern. The boundary for Northern and Central being a straight line from above New Plymouth landing just beneath Gisborne.

MAGAZINE – Our magazine "Penzed" is published bi-monthly and is a medium for swapping technical and other information; advising forthcoming local events; and generally helping our countrywide membership to keep in contact with each other.

And here are some of the benefits of joining . . .

- greater access to manuals, technical information and reference material
- greater access to spare parts and useful information about developmental experiences swapped with other P76 Owners rebuilding cars
- social get-togethers
- networking with Australian Clubs

And some of the activities your local group may arrange . . .

- involvement with car shows all over New Zealand
- social rallies, BBQs and similar local events
- joint workshops or working bees on parts storage or dismantling of cars

The Club is an ideal way for you to meet other P76 enthusiasts and gain the maximum enjoyment from your car. Young and old are cordially invited to join. There is something for all P76 Owners. Join us today.

PLEASE COMPLETE AND RETURN THIS APPLICATION TO The Membership Office, PO Box 18, Masterton 5840
