

While cleaning out some of Megan's old schoolbooks Sonya discovered this story relating to Megan's impressions of our day at Manfield back in July 1999.

You may recall my story in Penzed. Have a look at another impression.

AT THE RACETRACK

Megan Heyward age 8

Beginning - getting ready

Middle - racing

Ending - my turn

Me and most of my family are at Feilding at the racetrack. We are there because Dad is doing safe driving. The Jaguar Club were doing it.

The person talked to us but before that we got our OK sticker so that we, Mum and Dad, can drive on the track.

Then everyone was allowed to come into the car to see the track.

Afterwards Dad put his helmet on and had to drive through the cones. Then he started going really fast.

After that the car broke down.

Dad got it to go with a little help. It was extraordinary to see how much help he needed.

Then it was my turn. It was a fun experience. We went really fast. It was fabulous.
